

**World's First 3-axis turning  
VR Simulator**

**MMOne™** is a 3 axis turning Virtual Reality interactive simulator. The construction of MMOne™ rotates the base 60' left and right.

MMOne™ "hand" makes the chair raise up to 30'. Revolves 360' around its own axis in two dimensions.

All these movements are unique and carry the maximum thrill for the gamer.

The pilot perceives:

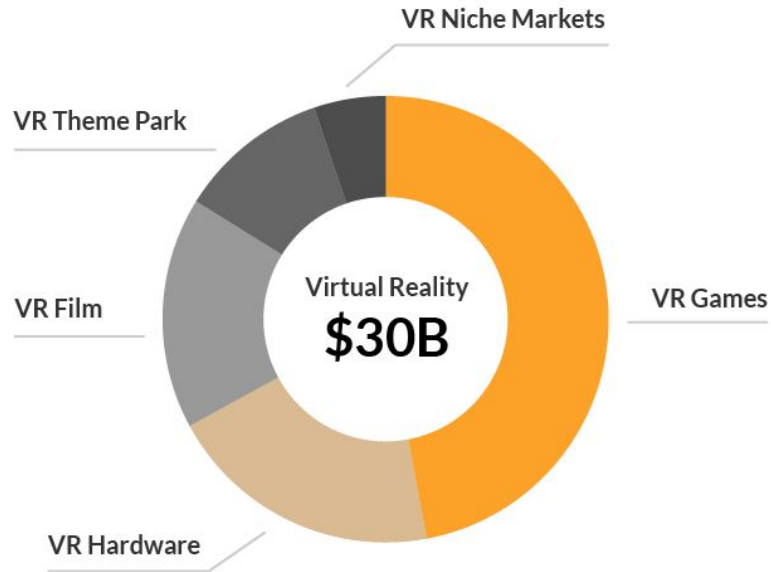

- turns
- blows
- braking and acceleration
- collisions with other objects
- dynamic overloads.

ROLLER COASTER SIMULATION

# TRACKMANIA TURBO

**TRACKMANIA**  
**TMT TURBO**

- Developer: Nadeo
- Publisher: Ubisoft
- Platform: PC
- >100 levels
- Custom track builder
- VR Arcade mode
- Replay mode
- Average track length - 2 min

# TUV CERTIFIED ATTRACTION / MADE IN EU

Attraction is produced in  
European Union

**TUV** certified according to the  
following standards:

- Fairground and amusement  
park machinery and structures  
safety  
*EN-13814*
- Machinery Directive  
*No. 2006/42/EC*
- Electromagnetic Compatibility  
Directive  
*No. 2014/30/UE*
- Low Voltage Directive  
*No. 2014/35/UE*

# WHAT'S INCLUDED (PER 1 ATTRACTION)

- 3-axis turning VR  
Attraction (*4 main units, providing 360 degrees freedom of movement in 3 dimensions*)
  - Battery for emergency exit in the landing position
  - Safety fence
  - High end PC (*Core i7 class with top video card underneath of the chair*)
  - Operator's computer
  - Thrustmaster Warthog Joystick
  - Tools kit for maintenance, installation kit
  - [OSVR HDK2 Headset](#)
- Games:
- **No Limits 2 Coaster** *Lifetime license,*  
**Trackmania** *1 year license,*  
**Red Bull Air Race** (*1 year license*)
  - 360 degrees videos, 1 year  
*Red Bull Air Race, DCS and other discussed separately.*
  - Packing for easy air transportation  
*Even on non-cargo flights*
  - 2 years warranty
  - Roll up with safety description and restrictions
- 6 points vibration motors installed in the chair - so pilot could perceive even more realistic feelings during the flight/race
  - Possibility to play Video/Sound real-time
  - All connection cables
  - Manual with the full description of the Simulator, Operating manual on mechanical components, Software manual.
  - Erection and dismantling instruction manual
  - Maintenance manual and instructions

# PRICE

**Base Price,  
ExWorks, European Union:**

EUR 125 000 per simulator

**Additional  
payments:**

Transportation, appr. *EUR 1000 - 7000\**

Customs clearance

Staff training and adjustment works,  
*appr. EUR 2000- 8000\**

**Payment  
terms:**

60% prepayment

30% upon production works, before  
shipment

10% after adjustment works in the  
destination city

**Production:** 4 months after receiving prepayment\*\*

**Shipment:** Usually around 2-3 weeks

*\* depending on the destination country*

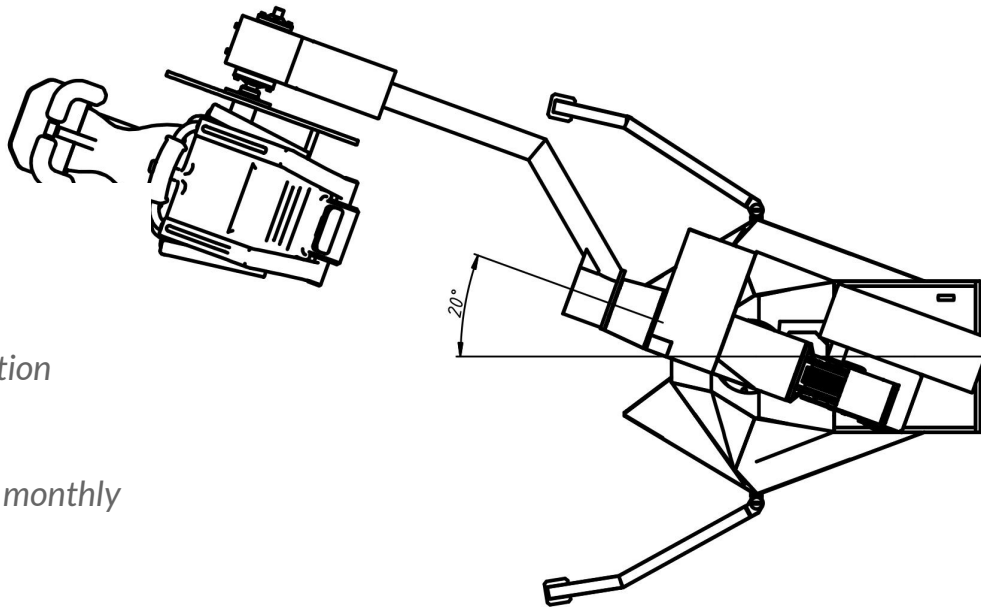

*\*\* depending on the load of production*

# 1 ATTRACTION INSTALLATION EXAMPLE

Total area:	27-30 sq.m
Operators:	2 people
Attractions:	1 pcs
Ticket price*:	\$12-\$17-\$22 100 max pax a day 10 hours/day operation
Revenue estimation**:	\$600 - \$1100 daily \$16 000 - \$33 000 monthly

\* 5 min experience

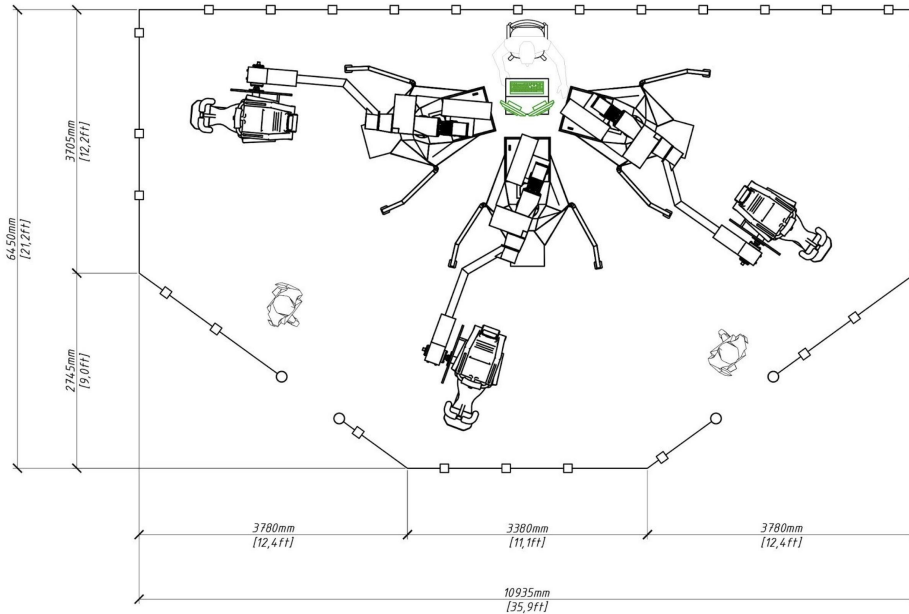

\*\* based on 50% fulfillment

**Recoupment of Capital 4-10 months**

# 3 ATTRACTIONS INSTALLATION EXAMPLE

<b>Total area:</b>	70 sq.m
<b>Operators:</b>	2 people
<b>Attractions:</b>	3 pcs
<b>Ticket price*:</b>	\$12-\$17-\$22
	300 max pax a day
	10 hours/day operation
<b>Revenue estimation**:</b>	\$1800 - \$3300 daily
	\$54 000 - \$99 000 monthly

\* 5 min experience

\*\* based on 50% fulfillment

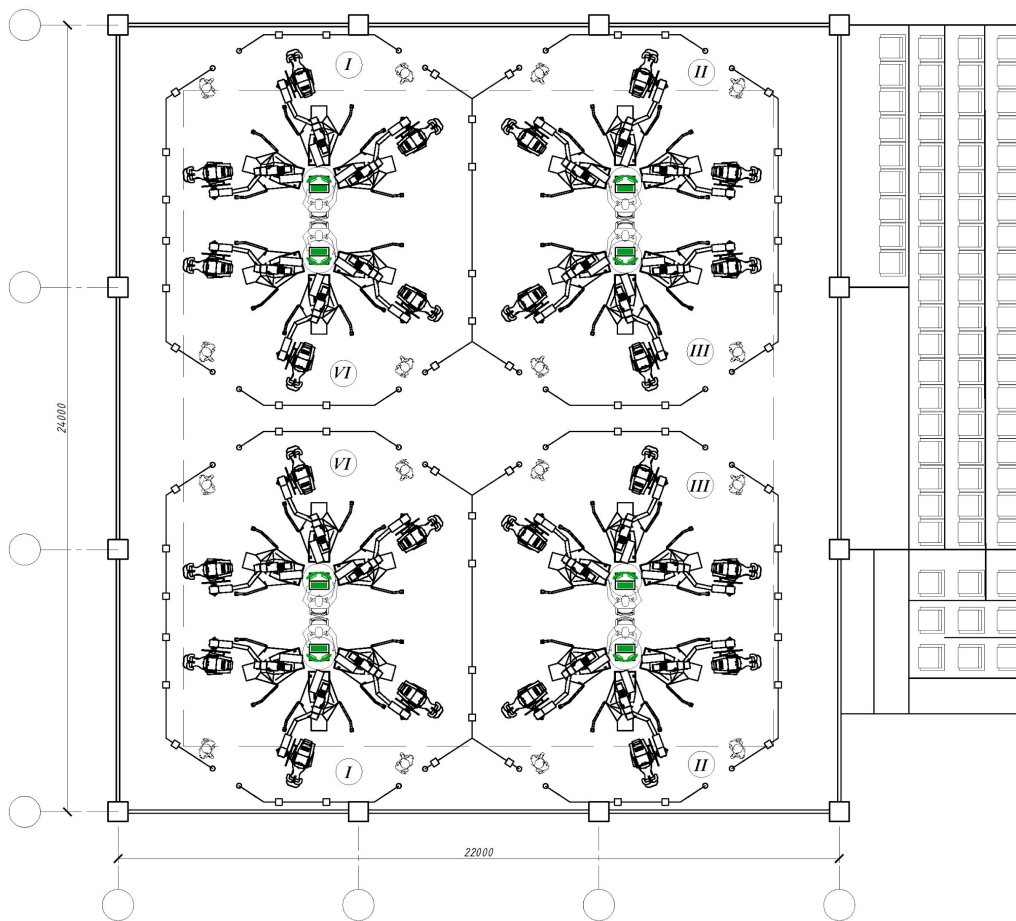

## Recoupment of Capital 4-10 months

# VR INDOOR PARK EXAMPLE

24 attractions

22m x 24m x 14m

1700 pax +  
a day

# TECHNICAL DETAILS

**Weight:** 1400 kg / 3100 lbs

**Max height:** 3.8m / 12.5 ft

**Max width:** 3.1m / 10.1 ft

**Length:** 4.2m / 14 ft

**Total minimum area:** 27 sq.m /  
289.3 sq.ft.

**Minimum required space:**

**Ceilings:** 4m / 13.1 ft

**Width:** 4.8m / 15.7ft

**Length:** 5,6m / 18.4 ft

**Capacity, people per ride:** 1

**Player age:** >8 years

**Max height:** 190 cm / 6'3"

**Max weight:** 120 kg / 264.5 lbs

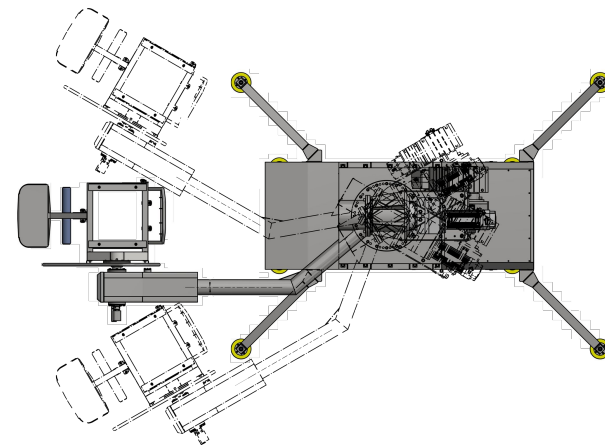

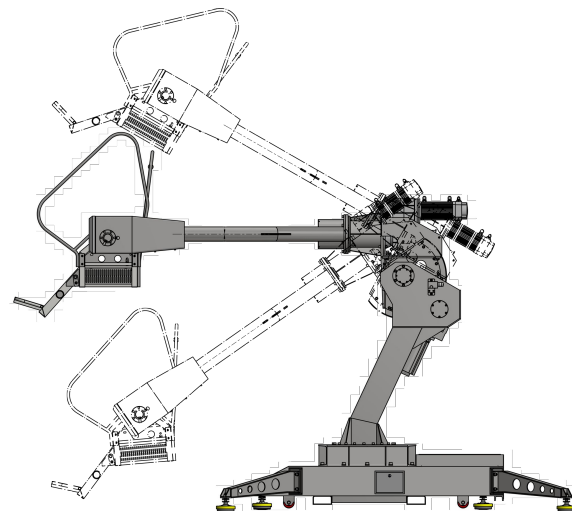

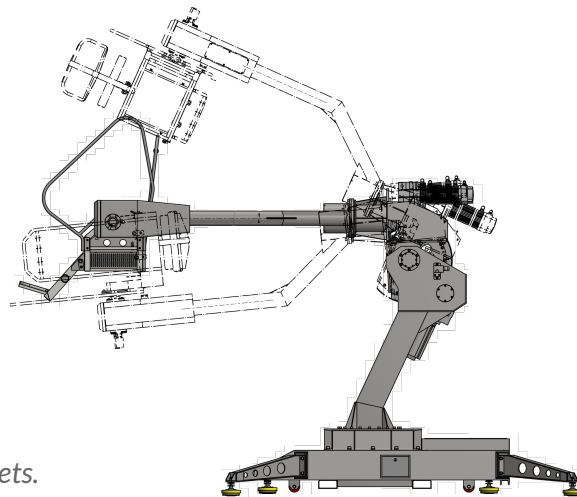

**Footprint:** 13.1 sq.m. / 141 sq.ft

**Pressure per sq.m.:** 500 kg/sq.m / 1102.3 lbs/sq.ft

**Rotation speed of the chair:** up to 20 turns/min

**Electricity:** 380V/32A\*

**Total attraction power:** 10kW

*\* Would be adjusted for non-380V markets.  
Included in the price.*
